International Credit Union Day

Why do hundreds of millions of people worldwide choose credit unions? Because credit unions have a “people-first” philosophy that impels them to constantly improve their communities and the lives of their members. That local service feeds a world-wide network that reaches more than 291 million members across the globe. On October 21, 2021, join credit union and financial cooperative members around the globe in celebrating 73 years of International Credit Union Day.

Watch for details at your local Hometown Credit Union office for more information on dates, times and events. We look forward to celebrating with our fellow member owners!

Laugh a little

I love a brisk fall breeze, especially when the leaves blow into the neighbors yard!

Think of raking leaves as Mother Natures way of getting you in shape for shoveling snow!

Annual Youth Night

The annual youth night was held in August. This year was all about dinosaurs. The kids took pictures with a dinosaur, went digging for fossils and played games. Fun was had by all!
